Notes and Special Requests

We at Film 33 pride ourselves in offering the absolute best production support possible. This includes free delivery and pickup at no extra cost for most of the greater Los Angeles area.

☐ Use Film 33's van for your production

Don't want to rent a truck or van for your production equipment?
Film 33 is happy to help. Our Van is equipped with:
- Rolling carts for gear transportation
- Retractable side awning for an instant home base.
- A film 33 driver for loading, unloading, awning assembly, and on-site gear maintenance.

Cost is calculated on a case-to-case basis to give you the best price while maintaining our level of service. The more info you can give us about your project's schedule and locations, the more accurate we can make our quote for the van rental.

Van rental final cost may vary from quoted value depending on production's changes of locations, dates, and hours.

25 miles included in rental. All additional miles will be charged 90 cents per mile unless discussed otherwise.

CAMERA DEPARTMENT

CAMERA BRAINS

☐ ARRI ALEXA 35

IMPORTANT

NOTES

Thank you for choosing Film 33 Studios for your rental! We really appreciate you and will do whatever we can to meet your expectations and make your production the best it can be.

When renting through us, please be prepared to provide proof of insurance in the form of a COI and pay for the gear at pick up (at least 50% deposit).
If you are unsure how to acquire production insurance, please let us help you.

Have any questions about the gear or aren't sure how to use it? Want to come in and test it out? We are all about collaboration and would love to show you how to use the gear, so it doesn't get damaged and to ensure you have a good time on set with functional equipment.

Let's get to story telling!
Your team at Film 33 Studios.
